

RECRUITMENT SUPPORT FOR GP LOCUMS AND GP VISITING MEDICAL OFFICERS

NSW RURAL DOCTORS NETWORK
CELEBRATING 30 YEARS

NSW Rural Doctors Network (RDN) provides individual support for doctors working as, or seeking to work as, GP Locums and GP Visiting Medical Officers (VMOs) in remote, rural and regional practices and Aboriginal Community Controlled Health Services (ACCHSs) in NSW.

Our support includes:

- access to RDN's innovative Locum Match system, a unique and free service providing instant notification of all locum vacancies matching your specific availability and connecting you with selected practices
- access to all RDN locum vacancies with location maps on our website
- a fortnightly locum e-newsletter providing industry updates and current vacancies
- an introduction to the practice that best suits your professional and personal needs
- access to workforce programs administered by RDN, including the More Doctors for Rural Australia Program (MDRAP)
- access to locum subsidies, including travel and remote subsidies for eligible independent locum doctors
- an opportunity to provide your feedback for every locum placement you complete to help practices enhance conditions for future locum experiences.

RDN is a not-for-profit organisation.

Its services are delivered in partnership and with support from the Australian Government Department of Health (DoH), the NSW Ministry of Health (MoH) and various community organisations. Recruitment support services are funded and subsequently provided free of charge. Some additional services may attract a fee where necessary.

ABOUT NSW RURAL DOCTORS NETWORK

NSW Rural Doctors Network

NSW Rural Doctors Network (RDN) is a not-for-profit and non-government organisation and is the Australian Government's designated Rural Workforce Agency (RWA) for health in NSW.

Our vision is for improved health service access for all Australians – no matter where they live.

We seek to support better health and wellbeing for people living in remote, rural and regional and disadvantaged communities, particularly those in NSW and the ACT.

To achieve this vision, we seek to grow and strengthen a capable primary health workforce, support communities in tailored health workforce solutions, support the capacity of health service organisations, contribute to policy and ensure RDN's continued effectiveness.

RDN offers a range of services, programs and activities across NSW that:

- help remote, rural and regional communities, General Practices and health services to find suitably skilled and qualified General Practitioners (GPs), nurses and allied health professionals to work in their towns
- assist suitably skilled and qualified GPs, nurses and allied health professionals to pursue careers in remote, rural and regional NSW (both Australian and International Medical Graduates/Overseas Trained Doctors)
- support existing remote, rural and regional doctors, nurses and allied health professionals through the provision of Continuing Professional Development (CPD) activities and succession planning
- provide financial support for further study, training and short courses
- assist in finding locum support for remote, rural and regional GPs, including through our unique and free RDN Locum Match
- deliver a wide range of health outreach services to rural towns
- support remote, rural and regional medical partners and families
- provide a range of scholarships, support and information for students studying medicine or health-related degrees in NSW.

RDN also works with:

- Aboriginal Community Controlled Health Services (ACCHSs) to support health services for Aboriginal peoples
- rural NSW Primary Health Networks (PHNs) to support remote, rural and regional GPs
- local communities, governments and rural Local Health Districts (LHDs) on medical workforce matters
- university medical faculties to promote rural medicine.
